Sady, please distribute this response to all task force members.

Dear Task Force Members,

I am sorry that Dan Pruett and Chris Strand are unable to attend the Task Force meeting tomorrow. Hopefully we will have a quorum present. If so, we will conduct as much business as possible as we have only one more meeting before work has to start on the final report. At this point I do not want to discourage anyone from coming to the meeting because he or she thinks nothing important will happen.

See you tomorrow at 10 am.

Sincerely,

Carol Biedrzycki

Sady please forward

I agree with Chris and would like to be present if possible when we vote on recommendations.

Dan

Dear Task Force Members,

Please read below a message sent today on 04/30/15 from member, Chris Strand.

Hi Sady

Please distribute this email to the members.

Thanks

LICATF Members

Since Dan Pruett and myself will not be able to attend tomorrow's meeting I ask that you hold off on voting for any recommendations until the next meeting. Both of us have been very diligent in attending these meetings and I believe our input would be helpful.

Thanks for your consideration.

Chris
